Kimani

I hope you had a nice thanksgiving. Please see if you can make this meeting of the West Adams PBID Steering Committee this week on Thursday. Thanks

Kimani

On Thursday we approved one of the options for the West Adams PBID. The district will generate around \$370k for the first year primarily for cleaning, beautification and branding.

I am hoping to have the management plan done sometime in the middle of the month. I will then be submitting it to the Clerk along with the Engineers report.

We will need your help to hopefully get it out of the Clerk's office by mid January. Tell me if you think that will be a problem. Thanks

Marco Li Mandri

Consultant to the West Adams PBID Steering Committee
